

TRADE VISITOR INVITATION

analytica Vietnam 2017

MARCH 29 - 31 HANOI

5th International Trade Fair for Laboratory Technology, Analysis, Biotechnology and Diagnostics

I.C.E - International Center for Exhibition, Hanoi

www.analyticavietnam.com

International gathering for the analysis and laboratory technology industry

Date : 29 – 31 March 2017
Opening hours: 29 – 30 March 09:00 - 17:00
31 March 09:00 - 16:00
Venue : I.C.E. – International Center for Exhibition Hanoi
91 Tran Hung Dao Street / 4 Tran Binh Trong Street
Hoan Kiem District, Hanoi

Highlights at analytica Vietnam 2017

- Over **100 exhibitors from Vietnam and abroad** will showcase innovative and high quality instruments
- **Country pavilions from China, Germany and Singapore**
- **Special show:** Occupational safety/ Health and safety in the workplace with live demonstrations on fires and explosions, handling dangerous substances safely and avoiding health hazards for you and your employees
- **Practice-oriented seminars for laboratory users**
- **Buyer-seller meetings:** Buyers from various industry sectors can meet under one roof for business discussions with exhibitors

analytica Vietnam conference – First rate lectures by renowned scientists from around the world

Date: March 29 – 30, 2017 (08.00am – 05.00pm)

Venue: Conference Area, I.C.E. – International Center for Exhibitions Hanoi

Organized by:

- VNU University of Science, CETASD
- University of Duisburg-Essen, Faculty of Chemistry
- Vietnam Analytical Sciences Society (VASS)

Topics:

- Fundamental Analysis/ Chromatography and Mass Spectrometry
- Environmental Analysis
- Food Analysis and Quality Improvement
- Pharmaceutical Analysis and Medical Diagnosis

For the detailed program visit
www.analyticavietnam.com/conference

Exhibitor Forum

From 29 – 31 March, exhibitors of analytica Vietnam will present their newest products with a presentation at the Exhibitor Forum.

Please have a look at the detailed programme at
www.analyticavietnam.com/forum

**NEW in
2017**

Special show: ASECOS Live Experimental Lecture on Lab Safety

Lab safety in the workplace is everyone's concern! Storage of hazardous materials in 21st century laboratories and risks associated with improper storage. Visitors who attend the special show on "Lab safety in the workplace" experience explosive demonstrations and receive valuable tips from safety professionals.

- Fires and explosions
- Handling dangerous substances safely
- Avoiding health hazards

At Forum Area, booth C35 everyday at 10:30 am and 02:30 pm.

Join the practice oriented seminars for laboratory users on the following topics

Date	Topic	Presenter
March 29, 2017, 10:00 – 12:00	Automated sample preparation for food analysis	Li Xiao (Gerstel)
March 29, 2017, 14:00 – 16:00	Packing Materials with Small Particle Diameters and their Impact on Speed and Resolution in HPLC and IC Applications	Joachim Weiss (Thermo Fisher Scientific)
March 30, 2017, 10:00 – 12:00	Fundamentals of Quality Assurance in the Analytical Laboratory	Tadeusz Gorecki (University of Waterloo, Canada)
March 30, 2017 14:00 – 16:00	Two-dimensional liquid chromatography – Theory and Applications	Shane Linkerhof (Agilent Technologies)

The tutorials take place in the conference area of analytica Vietnam.

All exhibition sectors at one glance

Analysis

- Equipment for instrumental analysis
- Chromatography
- Spectroscopes
- Microscopy and optical image processing

Measuring and testing / Quality control

- Industrial quality control
- Material testing
- Characterization and properties of materials
- Quality control in pharmacology and industry

Laboratory technology

- Laboratory equipment and machines
- Laboratory data systems and documentation
- Laboratory apparatus
- Chemicals, reagents and consumables

Life Sciences and biotechnology

- Bio-analysis, Bio-chemicals, Bio-informatics
- Laboratory technology for biotech and life sciences
- Medicine and diagnostics

analytica Vietnam – Innovative solutions for the following sectors

- Automotive industry
- Construction industry
- Biotechnology/ Life Science
- Chemicals/ Petrochemicals industry
- Clinical/ laboratory diagnostics
- Electrical engineering/ Electronics
- Environmental protection/ technology
- Food and beverage industry
- Health care
- Industrial research & development
- Medicine/ Medical laboratory
- Metal/ plastics processing
- Pharmaceuticals industry
- Material testing & inspection
- Cosmetics
- Public authorities/ institutions/ Universities
- Research and development
- Textile industry

HOA VIET CO.,LTD.

Constant Climate Chamber,
Model KBF 720
Binder – Germany

Hoa Viet Co., Ltd was established in 2006. Throughout 10 years developing, with slogan “**Reputation – Quality – Competitive**”, we are exclusive and official authorized distributors of more than 15 well-known Brands of scientific equipment and consumables on over the world, such as: Binder – Germany, Satorius – Germany, Hirayama – Japan, Vitlab – Germany, Alla – France, Kimble Chase – USA, Aptaca – Italia, Eberbach – USA, Intersciene – France, Atago – Japan...

With the desire to offer customers the modern equipment, advanced tools and the best quality installation service, technical consulting, optimized after-sales service by professional engineers who trained directly from Brand. We are always expected and honored to serve companies. We fully believe that we can meet all your expectations when you come to Hoa Viet Co., Ltd.

Add: 229-231 Le Cao Lang St., Phu Thanh Ward, Tan Phu Dist., HCMC
Tel: (08) - 39 789 666 | 777 | 888 Fax: +84-(08)-39 789 555

EQUIPMENT AND TECHNICAL SERVICE INTERNATIONAL LTD.,CO.

IETS

thermo**scientific**

IETS Company is a leading company that has plenty experience in distributing scientific instruments of **Thermo Scientific** in Vietnam where IETS is exclusive distributor. Products range that **IETS** is currently distributing includes: GC, GC/MS, GC/MSn, GC/MS/MS, LC, LC/MS, LC/MSn, LC/MS/MS, HRMS, IRMS, MCMS, AAS, ICPMS, OES, XRD, XRF, FTIR, Raman, Elemental analyzer, LIMS ...

Agilent Technologies

Agilent is a leader in life sciences, diagnostics and applied chemical markets. The company provides laboratories worldwide with instruments, services, consumables, applications and expertise, enabling customers to gain the insights they seek. Agilent's expertise and trusted collaboration give them the highest confidence in our solutions. Agilent focuses its expertise on six key markets, where we help our customers achieve their goals, namely: Food, Environmental and Forensics, Pharmaceutical, Diagnostics, Chemical and Energy and Research.

AGILENT INTUVO 9000 GC SYSTEM
You told us your dreams, and the leader in GC innovation made it a reality.

- **Direct heating** – Faster run-to-run optimization
- **Click-and-run connections** – Ferrule-free connections throughout the instrument
- **Guard Chip technology** – An end to column trimming
- **Intuitive touch-screen interface** – Immediate status and assistance
- **Thoughtfully green** – Smaller footprint and less power consumption

Brabender®

... where quality is measured.

**BRABENDER
MOISTURE TESTER MT-CA**

The Brabender Moisture Tester MT-CA uses the drying chamber method (compliant to ISO 712, ICC-Standard Nr. 110/1 etc.) and determines the loss in weight of the sample material, which results from drying.

Its new web-based MetaBridge software can be accessed by a simple browser log-in from any end device, e.g. from a PC, laptop, tablet or smartphone. From anywhere in the world, several authorized users can retrieve measurements simultaneously. Furthermore, the software allows the MT-CA to be interconnected with other USB compatible Brabender instruments.

Visitor Online Registration – Spend less time waiting*

01. Register in advance at
www.analyticvietnam.com/registration
02. When you arrive at the fairground, you can easily pick up your badge and free show catalogue at the pre-registration counter, without queuing.

***Admission is free of charge, upon registration**
